      What time were you or Ambassador Sondland first informed of this, and who from the State Department communicated it to you? We'd appreciate it if you could please forward us any email or letter that your or Ambassador Sondland received. I understand you may not have yet received "written confirmation," but we request that you please forward such written notice when you do.
    Thank you.

   Day

I am incredibly disappointed to report that, overnight, the State Department salvised that it will direct Ambassador Sondland not to appear before the Committee this morning. While we have not yet gotten written confirmation of that direction, we wanted to advise you of this development at the earliest opportunity. As the sitting US Ambassador to the EU and employee of the State Department, Ambassador Sondland is required to follow this direction.

I hope that whatever concerns the Department has com be resolved promptly and that Ambassador Sondland is returned to earliest opportunity. I am very sorry for the inexcusably late notice, but we are sharing this with you as soon as it was confirmed to us. Please accept my sincere apologies. I am sure we will continue to be in touch as this unfolds further and hope that matters will come to a swift and positive resolution.
